22 1/2

Black George & Mary on Hudson Straits in the Ice

Friday, July 8th

Begins with foggy weather from the S.W. clearing
N.W. through the ice at 11 A.M. come to thick
ice joined the middle and let her up
I then put her up to the house a Halibut
some suggested getting away from here for
Hudson at 1 P.M. left away to the N.W. middle
I just saw Charles Island all sailakers
at 1 P.M. came up with packed ice took
many things and let her in to it saved day
1864 compass

Saturday 9th

Begins with moderate winds from S.
sail working through the ice at 1 P.M.
Ben & strong winds with rain took in the sails
going and put down many more for sail
then all sail saw Landers all the more
land all a N. of Hudson Strait put the
down

Sunday 10th

Begins with strong winds from S.E. clear
N.W. or about that through middle
put saw nothing and the breeze
weather moderating set men to get
sail and flying put at 10 A.M. put a
sail up in the top bar above head going
by the wind on different tack as the
ice is on the way of going along some
of the time it stops and some of the
time it is with I lost the Starboard

Monday 11th

Begins with fresh breeze from the N.W.
sail going by the wind on different tack
put sail at 10 A.M. sail down as
yesterday but put a head of
sail then saw nothing and
lost the Starboard

A. C. Sherman Master July 12th 1881

Tuesday 12th

Began with fresh breezes from N E going by
the wind on the 5th Jack working through the
Middle part tied up to a bark cake of ice as
we could go no farther the first snow weather calm
plenty of Seal and some Walrus around

Wednesday 13th

Began with present weather from N W by
Compass vessel tied up to the Ice at 4 P.M. saw
a Bow Head landed did not see the Whale again
a N of White Ice with aged during all
day

Thursday 14th

Began with present weather from S W Wind
made fast to the Ice as we have a head wind and
heavy Ice water during necessary work about the
ship

Friday 15th

Began with calms at 6⁰ A.M. took a light sail
from the Southern east off from the Ice then we saw
a small Bow Head going up to the N corner
but could not come up to him returned to the
Vessel and worked her along to the N for the
Ice at 11 P.M. had a thunder storm

Saturday 16th

Began with strong winds from the S.W. we
made fast a rope on each of the top masts with
cables and the wind better fast think we
will get the ship out of the ice

Sunday 17th

Began with calm weather vessel on the Ice plenty of
ice and a light breeze but not off and on a light
breeze but did not get out of ice
at 1 P.M. went off again and worked out
at 4 P.M. went off again and worked out
at 7 P.M. went off again and worked out

Beaver & Perry in Hudson Bay July 16

Monday 18th

Beaver
up to
29 8, 10
x Begins with pleasant weather from S.E. going
NW passed Cape Pembroke also saw
Southampton Land at 11 A.M. saw a Bowhead
one rising head up into the air some
scattering ice in sight at 1 P.M. saw
Walrus Island bearing NW by Compass
Dist 8 miles South fast calm

Tuesday 19th

" " Begins with a calm Walrus Island about 6 miles
to the East of us Middle part took a light S.E. wind
and kept along the coast to the NW better part
of the day. A Boat Lawrence had just arrived
on the East shore at 1 P.M. saw a Bowhead
but did not get him I think we should if the
Abote boats had kept away from us

Wednesday 20th

" " Begins with pleasant weather from the Eastward

 Begins with a moderate gale from N.E. wind
 lying about on the Port Tack at daylight
 kept away to the S.W. going with a high
 sea at 2 P.M. saw the land off Cape Cod
 light at 3 P.M. off Cape Cod came to
 the wind on the Port Tack latter part
 rainy

Monday 6th
 Begins with a gale from N.E. wind lying
 to on the Port Tack weather thick at 1 P.M. kept
 away S.W. by W. at one P.M. came to the wind
 on the Port Tack weather thick with a heavy
 sea

Tuesday 7th
 Begins with a gale from N.E. wind
 lying to on the Port Tack at one P.M. wind
 shift weather part clear and part
 at to be Marble Island at the time the
 sea blowing hard with a heavy sea on
 at 11 A.M. some ship rigging latter part
 blowing heavy with much rain at 1 P.M.
 on the coast. Lost a fish which is a very
 much state

Bast George and Mary in Hudson Bay

Wednesday 10th

Began with good wind from S. at 10 AM. The
29th Port land with the morning land but the
the same Cook some time

Thursday 11th

up
down
Began with weather moderating at 9 AM on March
all day and light from S. at 10 AM. The
small part the same at 10 PM. Port land seen
the land to the westward of Marble Island

Friday 12th

going
down
Began with a calm at 9 AM a light wind
from SE with fog steering NNE all day
at 2 PM saw Marble Island at 7 PM
came to anchor in the outer harbor
damped both anchors in 5 fathoms water
and out 10 fathoms forward of the anchor
on the Port and 15 fathoms on the Starboard
anchors set for the night and N
E extra for steering

Saturday 13th

29th
down
Began with a gale of wind from N and blew
faster N E passed at anchor in the outer
harbor and Marble Island engaged getting
out of the harbor steering away and
steering

up
down
Began with the same a little more wind
but ashore coal and supply boats on land then
Island at 4 PM hoisted up and warped into
the inner harbor anchored in 15 fathoms
water

J. G. Sherrin Hunter Sept 12 1881

Route

Sunday 11th

young of the year in the water before I began
and Bifford started from the main land
with two boats. One behind engaged making
the bowline to get out putting back and
saw the water below better part showing
fast and it was a small fish

Monday 12th

up the river in a small boat from 11 to
at home and played for the first time and
saw the water and fishing off the river in
the afternoon. The water was at 6 A.M. but
the water was not so high

Tuesday 13th

the water was very much from the 11th
and engaged fishing off and getting some small
fish

Wednesday 14th

the water was at 3 P.M. and it was very fast
the water was above that and the water
was at 2 of the afternoon

Thursday 15th

the water was from 1 P.M. to 11 P.M. all
the water was cutting back at 1 P.M. and
looking back at the first of the water

Friday 16th

the water was light from 11 to 12

Saturday 17th

the water was at 11 P.M. and it was very fast
and the water was at 11 P.M. and it was very fast

the water was at 11 P.M. and it was very fast

the water was at 11 P.M. and it was very fast

the water was at 11 P.M. and it was very fast

N E Eng sawing on the Ice
have not made much progress
as the Ice rippers so that we are
obliged to saw it in small
pieces. Pk Clear. Snow on the
dock but

Saturday 7th

29 08 Begins with foggy weather from the S W Eng
sawing Ice in the outer Harbour a boat
with heavy rain over from the sea the
fog returned again. saw on dock

A C Sherman Diaries June 13 1840

2000 Sunday 13th
 Began with a fine day at anchor in the harbor. The ice in the mouth of the harbor melted off the ice in the harbor and all went into the water.

2001 Monday
 Began with pleasant weather. The ice has done by things this day. Most of the ice in the outer harbor.

2002 Tuesday 14th
 Began with pleasant weather. Clearing the loose ice from the outer harbor & men off duty sick some of them are not having a healthy time.

2003 Wednesday 15th
 Began with pleasant weather and N E breeze in the inner harbor.

2004 Thursday 16th
 Began with pleasant weather. From N E cleared the ice from her cradle at 8 A M got all ready to go out at High Water about half tide a large quantity of ice shed off and forced into channels so that we are obliged to wait a tide.

2005 Friday 16th
 Began with light & pleasant weather from 5th at 4 A M cast off from the ice and sailed the boat out into the outer harbor & made sail cast off and towed with the boat clear of the island steered to the N W at 1 P M found a large quantity of ice but clean water in shore of it. Two boats were supposed to be Capt Sifford the other belonging to the Captain the other. Bad weather has been out of the harbor and many more the seaward of last September while the morning.

Part II. Journals and diary concerning the Hudson Bay

Saturday June 18th 1842
 28.06 Begins with light wind and calm seas
 off Charleston Island. Went to the ice house to
 see how the meat stood. It is all well and is
 every thing ready for the following day. I am
 a boat with natives came to the ship to find
 out the time I left the shore the day before
 yesterday.

Sunday 19th
 29.07 Begins with a fresh breeze from the N. West
 working a long in the ice. Saw some
 for water enough to go along in at some off
 Dops Island some natives came on board the
 Park. He has just left the shore they have not
 seen any Whaling. C. H. Gifford came along
 and has been in for two days. He says he
 could get on account of ice.

Monday 20th
 29.07 Begins with pleasant weather from the N. West
 with but little clear water. Plenty of seals and Walrus
 around the natives caught some this day. I am
 in the ice clearing the water.

Tuesday 21st
 29.08 Continues with a fresh breeze from the N. West
 in and around the ice. Saw some seals from the N
 with some in working in and out with the ice.

Wednesday 22nd
 29.08 Begins with pleasant weather from the N. West
 working between Charleston and Depot Island
 with plenty of seals to the N. B.

Thursday 23rd
 29.08 Begins with light and variable winds. Went
 off Depot Island to see how the seals were
 collected at 11 P.M. and found from 5 going to 10
 and in the Port Seal.

A C Shannon Master from 21st Oct

Sunday 22nd

Began with foggy weather from the Eastward. Wind steering through the ice towards Chesterfield at 8 am we took on the job first - ice on the top of the a black hole was along side I kept on -
 2500

Saturday 23rd

Began with with an Easterly wind with much ice. On a moderate gale - ice in along side and ran her into the ice as the ice is clearing in to the land

Sunday 25th

Began with pleasant weather calm vessel in the ice near the Island in sight Cape Lambert and Chesterfield
